PROFESSIONAL PROFILE

Full Stack Engineer with 5 years of apprenticeship experience. Passionate about new technologies and driven by curiosity, I enjoy understanding how things work and solving real-world problems through software. I consistently focus on delivering high-quality, user-centric solutions.

PROFESSIONAL EXPERIENCE

Software Developer, Naval Group, Ollioules 2019 – 2024

- Developed and maintained Angular frontend applications, including extensive work with CesiumJS.
- Explored and implemented a microservices architecture in Java, modernizing backend systems.
- Managed large-scale PostgreSQL databases and improved simulation interfaces.
